Our Products

Original Content

We own and produce original content that is meant to entertain and enrich toddlers to tweens as well as families. It is generally a three-year cycle from the inception of an idea, through production of the content and development and distribution of a range of consumer products to retail, creating an inevitable lag time between the creation of the intellectual property to the realization of economic benefit of those assets. Our goal is to maintain a robust and diverse portfolio of brands, appealing to various interests and ages, featuring evergreen topics with global appeal. Our portfolio of intellectual property can be licensed, re-licensed, and exploited for years to come, with revenue derived from multiple sources and territories. Our portfolio of original content includes:

Distribution

Content

Today’s global marketplace and the manner in which content is consumed has evolved to a point where we believe there is only one viable strategy, ubiquity. Kids today expect to be able to watch what they want whenever they want and wherever they want. As such, content creators now must offer direct access on multiple fronts. This includes not only linear broadcast but also digital platforms. We have strong ties to and actively solicit placement for our content from the largest linear broadcasters such as Nickelodeon, The Disney Channel, Cartoon Network, Sprout, and PBS. Similarly, on the digital side, we are partnered with Comcast’s Xfinity platform as well as AppleTV, Roku, Samsung TV, Amazon Fire, Amazon Prime, Netflix, YouTube, Cox, Dish, Sling and Zumo as well as Connected TV. We replicate this model of ubiquity around the world defining content distribution strategies by market that blends the best of linear, VOD, and digital distribution.

Finally, we expanded our long-term strategic partnership with Sony Pictures Home Entertainment from domestic to global in January 2017. On August 31, 2018 Sony Pictures Home Entertainment assigned all of its rights and interest in our programs to Alliance Entertainment, LLC (“AEC”).

Consumer Products

A source of our revenue is our licensing and merchandising activities from our underlying intellectual property content. We work directly in licensing properties to a variety of manufacturers, wholesalers, and retailers. We currently have across all brands in excess of 49 licensees and hundreds of licensed products scheduled to enter the market. Products bearing our marks can be found in a wide variety of retail distribution outlets reaching consumers in retailers such as Wal-Mart, Target, Barnes & Noble, The Home Depot, Old Navy, Amazon.com and many more. We often negotiate dedicated retail space on a direct basis with retailers that will include branded signage to give our brands prominence and clear communication with the consumer. License agreements that we enter into often include financial guarantees and commitments from the manufacturers guaranteeing a minimum stream of revenue for us. As licensed merchandise is sold at retail, these advances and/or minimum guarantees can earn out at which point we could earn additional revenue.

Company Information

We were incorporated in California on January 3, 2006 and reincorporated in Nevada in October 2011. We commenced operations in January 2006, assuming all of the rights and obligations of our then Chief Executive Officer, under an Asset Purchase Agreement between us and Genius Products, Inc., in which we obtained all rights, copyrights, and trademarks to the brands “Baby Genius,” “Kid Genius,” “123 Favorite Music” and “Wee Worship,” and all then existing productions under those titles. In October 2011, we (i) changed our domicile to Nevada from California, and (ii) changed our name to Genius Brands International, Inc. from Pacific Entertainment Corporation (the “Reincorporation”). In connection with the Reincorporation, we changed our trading symbol from “PENT” to “GNUS.”

Additional risks are discussed more fully in the section entitled “Risk Factors” following this prospectus summary. These risks include, but are not limited to, the following:

- We have a history of net losses and our future profitability is uncertain.
- We may be required to raise additional funds to finance our operations; we may not be able to do so when necessary, and/or the terms of any financings may not be advantageous to us.
- If we lose key personnel or are unable to attract and retain necessary talent, we may be unable to continue to grow and develop our business profitably.
- Third parties may claim that we infringe their intellectual property, and we could suffer significant litigation or licensing expense as a result.
- Raising additional funds may cause dilution to our existing stockholders, restrict our operations or require us to relinquish rights to our technologies.
- Trading volume in our stock is low and an active trading market for our common stock may not be available on a consistent basis to provide stockholders with adequate liquidity. Our stock price may be extremely volatile, and our stockholders could lose a significant part of their investment.
- Concentration of ownership among our existing officers, directors and principal stockholders may prevent other stockholders from influencing significant corporate decisions and depress our stock price.

The Company received \$1,757,552 net proceeds from this offering.

In a concurrent private placement (the “Private Placement” and together with the Registered Offering, the “Offerings”), we agreed to issue to the Investor who participated in the Registered Offering warrants (the “Private Warrants” and collectively with the Registered Warrants, the “Warrants”) exercisable for one share of common stock for each Share purchased in the Registered Offering for an aggregate of 945,894 shares of common stock at an exercise price of \$2.21 per share. Each Private Warrant will be exercisable commencing six months and one day from the date of issuance and will expire five (5) years from the date it becomes exercisable. SELLING STOCKHOLDERS

The shares of common stock being offered by the selling stockholders are those issuable upon the exercise of the Private Warrants. For additional information regarding the issuance of these securities, see “[Prospectus Summary—Registered Direct Offering of Common Stock and Warrants and Concurrent Private Placement of Warrants](#)” on page 4 of this prospectus. We are registering the shares of common stock issuable upon exercise of the Private Warrants in order to permit the selling stockholders to offer the shares for resale from time to time. Except for the ownership of the Private Warrants, the transactions contemplated pursuant to the Purchase Agreement and other financings completed by us, the selling stockholders have not had any material relationship with us within the past three years.

The following table sets forth certain information with respect to each selling stockholder, including (i) the shares of our common stock beneficially owned by the selling stockholder prior to this offering, (ii) the number of shares being offered by the selling stockholder pursuant to this prospectus and (iii) the selling stockholder’s beneficial ownership after completion of this offering. The registration of the shares of common stock issuable to the selling stockholders upon the exercise of the Private Warrants does not necessarily mean that the selling stockholders will sell all or any of such shares, but the number of shares and percentages set forth in the final two columns below assume that all shares of common stock being offered by the selling stockholders are sold.

The table is based on information supplied to us by the selling stockholders, with beneficial ownership and percentage ownership determined in accordance with the rules and regulations of the SEC and includes voting or investment power with respect to shares of stock. This information does not necessarily indicate beneficial ownership for any other purpose. In computing the number of shares beneficially owned by a selling stockholder and the percentage ownership of that selling stockholder, shares of common stock subject to warrants held by that selling stockholder that are exercisable within 60 days after March 31, 2019, are deemed outstanding. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. The percentage of beneficial ownership after this offering is based on 10,432,718 shares of common stock outstanding on March 31, 2019.

This prospectus covers the resale of 945,894 shares of our common stock that may be sold or otherwise disposed of by the selling stockholders. Such shares are issuable to the selling stockholders upon the exercise of the Private Warrants. The Private Warrants are exercisable at any time after the six-month anniversary of their issuance and expire five (5) years from their initial date of issuance. All of the Private Warrants have an exercise price of \$2.21 per share. See “Prospectus Summary —Registered Direct Offering of Common Stock and Warrants and Concurrent Private Placement of Warrants” above for a complete description of the Private Warrants. The selling stockholders may sell all, some or none of their shares in this offering, but the number of shares and percentages set forth in the final two columns below assume that all shares of common stock being offered by the selling stockholders are sold. See “Plan of Distribution.”

The Convertible Notes may not be converted to the extent that the holder or any of its affiliates would own more than 9.99% of the outstanding common stock of the Company after such conversion. The terms of all the warrants beneficially owned include a blocker provision that restricts exercise to the extent the securities beneficially owned by the selling stockholder and its affiliates would represent beneficial ownership in excess of 4.99% of shares of our common stock outstanding immediately after giving effect to such exercise, subject to the holder’s option, which may only be exercised to the extent beneficial ownership by Anson Investments Master Fund LP, in the aggregate, does not exceed 4.99% of our common stock. PLAN OF DISTRIBUTION

Each selling stockholder of the securities and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their securities covered hereby on the Nasdaq Capital Market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A selling stockholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the selling stockholders to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The selling stockholders may also sell securities under Rule 144 or any other exemption from registration under the Securities Act of 1933, as amended (the “Securities Act”), if available, rather than under this prospectus.

Broker-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The selling stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each selling stockholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the selling stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the securities may be resold by the selling stockholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the selling stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the common stock by the selling stockholders or any other person. We will make copies of this prospectus available to the selling stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

DESCRIPTION OF OUR CAPITAL STOCK

General

Our authorized capital stock consists of 243,333,334 shares of capital stock, of which 233,333,334 are shares of common stock, par value \$0.001 per share, and 10,000,000 are shares of preferred stock, par value \$0.001.

Capital Stock Issued and Outstanding

As of March 31, 2019, we have issued and outstanding:

- 10,432,718 shares of common stock; and
- 2,120 shares of shares of Series A Convertible Preferred Stock which are convertible into 1,000,000 shares of common stock.

Common Stock

The holders of our common stock are entitled to one vote per share. In addition, the holders of our common stock will be entitled to receive ratably such dividends, if any, as may be declared by our Board of Directors out of legally available funds; however, the current policy of our Board of Directors is to retain earnings, if any, for operations and growth. Upon liquidation, dissolution or winding-up, the holders of our common stock will be entitled to share ratably in all assets that are legally available for distribution. The holders of our common stock will have no preemptive, subscription, redemption or conversion rights. The rights, preferences and privileges of holders of our common stock will be subject to, and may be adversely affected by, the rights of the holders of any series of preferred stock, which may be designated solely by action of our board of directors and issued in the future.

Preferred Stock

Our Board of Directors is authorized, subject to any limitations prescribed by law, without further vote or action by our stockholders, to issue from time to time shares of preferred stock in one or more series. Each series of preferred stock will have such number of shares, designations, preferences, voting powers, qualifications and special or relative rights or privileges as shall be determined by our Board of Directors, which may include, among others, dividend rights, voting rights, liquidation preferences, conversion rights and preemptive rights.

Series A Convertible Preferred Stock

We have designated six thousand (6,000) shares of preferred stock as Series A Convertible Preferred Stock. Each share of Series A Preferred Stock is convertible into shares of our common stock based on a conversion calculation equal to the Base Amount divided by the conversion price. The Base Amount is defined as the sum of (i) the aggregate stated value of the Series A Preferred Stock to be converted and (ii) all unpaid dividends thereon. The stated value of each share of the Series A Preferred Stock is \$1,000 and the initial conversion price was \$6.00 per share, subject to adjustment in the event of stock splits, dividends and recapitalizations. Additionally, in the event we issue shares of our common stock or common stock equivalents at a per share price that is lower than the conversion price then in effect, the conversion price shall be adjusted to such lower price, subject to certain exceptions. Any reduction in the conversion price could result in substantial dilution to our then-existing common stockholders as well as give rise to a beneficial conversion feature reported on our statement of operations.

Accordingly, the conversion price of the Series A Convertible Preferred Stock had been adjusted downwards multiple times in connection with various equity financings and in connection with the closing of the Registered Offering, the conversion price of the Series A Convertible Preferred Stock was adjusted to \$2.12. We are prohibited from effecting a conversion of the Series A Preferred Stock to the extent that as a result of such conversion, the holder would beneficially own more than 9.99% in the aggregate of the issued and outstanding shares of our common stock, calculated immediately after giving effect to the issuance of shares of common stock upon conversion of the Series A Preferred Stock. The shares of Series A Preferred Stock possess no voting rights.

Description of Private Warrants pursuant to which the Offered Shares of Common Stock May Be Issued

In the Private Placement completed concurrently with the Registered Direct Offering, we issued to the Investor who participated in the Registered Offering Private Warrants exercisable for one share of common stock for each share purchased in the Registered Offering for an aggregate of 945,894 shares of common stock at an exercise price of \$2.21 per share, subject to adjustment for stock splits, reverse splits, stock dividends, and similar capital transactions as described in the Private Warrants. Each Private Warrant will be exercisable commencing six months and one day from the date of issuance and will expire five (5) years from the date it becomes exercisable. A holder of Private Warrants will have the right to exercise such Private Warrants on a “cashless” basis if at any time after the six-month anniversary of the closing date of the Offerings there is no effective registration statement registering, or no current prospectus available for, the resale of the shares of common stock underlying the Private Warrants by the holder. A holder of Private Warrants will not have the right to exercise any portion of its warrants if the holder, together with its affiliates, would beneficially own in excess of either 4.99% of the number of our shares of our common stock outstanding immediately after giving effect to such exercise; provided, however, that upon at least 61 days prior notice to us, a holder may increase or decrease such limitation up to a maximum of 9.99% of the number of shares of common stock outstanding. The Private Warrants and the shares of our common stock issuable from time to time upon the exercise of the Private Warrants were not registered under the Securities Act of 1933, as amended (the “Securities Act”), were not offered pursuant to a registration statement and were offered pursuant to the exemption provided in Section 4(a)(2) under the Securities Act, and Rule 506(b) promulgated thereunder. Shares of common stock underlying the Private Warrants are being registered for resale by the selling stockholders pursuant to the Registration Statement of which this prospectus forms a part.

Nevada Anti-Takeover Law and Certain Charter and Bylaw Provisions

Some features of the Nevada Revised Statutes, which are further described below, may have the effect of deterring third parties from making takeover bids for control of our company or may be used to hinder or delay a takeover bid. This would decrease the chance that our stockholders would realize a premium over market price for their shares of common stock as a result of a takeover bid.

Acquisition of Controlling Interest

The Nevada Revised Statutes contain provisions governing acquisition of a controlling interest of a Nevada corporation. These provisions provide generally that any person or entity that acquires a certain percentage of the outstanding voting shares of a Nevada corporation may be denied voting rights with respect to the acquired shares, unless the holders of a majority of the voting power of the corporation, excluding shares as to which any of such acquiring person or entity, an officer or a director of the corporation, or an employee of the corporation exercises voting rights, elect to restore such voting rights in whole or in part. These provisions apply whenever a person or entity acquires shares that, but for the operation of these provisions, would bring voting power of such person or entity in the election of directors within any of the following three ranges:

- 20% or more but less than 33 1/3%;
- 33 1/3% or more but less than or equal to 50%; or
- more than 50%.

The stockholders or board of directors of a corporation may elect to exempt the stock of the corporation from these provisions through adoption of a provision to that effect in the articles of incorporation or bylaws of the corporation. Our articles of incorporation and bylaws do not exempt our common stock from these provisions.

These provisions are applicable only to a Nevada corporation, which:

- has 200 or more stockholders of record, at least 100 of whom have addresses in Nevada appearing on the stock ledger of the corporation; and
- does business in Nevada directly or through an affiliated corporation.

On November 20, 2013, we amended our bylaws to provide that the provisions of NRS 78.378 and 78.3793 (“Acquisition of a Controlling Interest”) shall not apply to the Company or to any acquisition of a controlling interest in the Company by any existing or future stockholder.

Combination with Interested Stockholder

The Nevada Revised Statutes contain provisions governing combination of a Nevada corporation that has 200 or more stockholders of record with an interested stockholder. As of March 31, 2019, we had 176 stockholders of record, not including persons or entities that hold our stock in nominee or “street name” through various brokerage firms.

A corporation affected by these provisions may not engage in a combination within two years after the interested stockholder first became an interested stockholder, unless either (i) the combination or transaction by which the interested stockholder first became an interested stockholder is approved by the board of directors before the interested stockholder first became an interested stockholder, or (ii) the combination is approved by the board of directors and by the affirmative vote of the corporation’s stockholders representing at least 60% of the outstanding voting power of the corporation not beneficially owned by the interested stockholder or the interested stockholder’s affiliates. Generally, if approval is not obtained, then after the expiration of the two-year period, the business combination may be consummated with the approval of the board of directors of the combination or transaction by which the interested stockholder first became an interested stockholder before the person became an interested stockholder, or a majority of the voting power held by disinterested stockholders, or if the consideration to be received per share by disinterested stockholders is at least equal to the highest of:

- the highest price per share paid by the interested stockholder within the two years immediately preceding the date of the announcement of the combination or within two years immediately before, or in the transaction in which he, she or it became an interested stockholder, whichever is higher;
- the market value per share on the date of announcement of the combination or the date the person became an interested stockholder, whichever is higher; or
- if higher for the holders of preferred stock, the highest liquidation value of the preferred stock, if any.

Generally, these provisions define an interested stockholder as a person who is the beneficial owner, directly or indirectly, of 10% or more of the voting power of the outstanding voting shares of a corporation. Generally, these provisions define combination to include any merger or consolidation with an interested stockholder, or any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in one transaction or a series of transactions, with an interested stockholder of assets of the corporation having:

- an aggregate market value equal to 5% or more of the aggregate market value of the assets of the corporation;
- an aggregate market value equal to 5% or more of the aggregate market value of all outstanding shares of the corporation; or
- representing 10% or more of the earning power or net income of the corporation.

Articles of Incorporation and Bylaws

Pursuant to our Articles of Incorporation, the existence of authorized but unissued common stock and undesignated preferred stock may enable our board of directors to make more difficult or to discourage an attempt to obtain control of our Company by means of a merger, tender offer, proxy contest or otherwise, and thereby to protect the continuity of management. If, in the due exercise of its fiduciary obligations, the board of directors were to determine that a takeover proposal was not in our best interest, such shares could be issued by the board of directors without stockholder approval in one or more transactions that might prevent or render more difficult or costly the completion of the takeover transaction by diluting the voting or other rights of the proposed acquirer or insurgent stockholder group, by putting a substantial voting block in institutional or other hands that might undertake to support the position of the incumbent board of directors, by effecting an acquisition that might complicate or preclude the takeover, or otherwise.

In addition, our Articles of Incorporation grants our board of directors broad power to establish the rights and preferences of authorized and unissued shares of preferred stock. The issuance of shares of preferred stock could decrease the amount of earnings and assets available for distribution to holders of shares of common stock. The issuance also may adversely affect the rights and powers, including voting rights, of those holders and may have the effect of delaying, deterring or preventing a change in control of our Company.
