KARTOON CHANNEL! EXPANDS DISTRIBUTION WITH LAUNCH OF DIGITAL LINEAR CHANNEL FOR AD-SUPPORTED SCHEDULED VIEWING EXPERIENCE

Kartoon Channel! Now Streaming Free Scheduled Programming 24/7

BEVERLY HILLS, Calif., March 4, 2021 – Continuing its mission of providing family-friendly ‘content with a purpose’ anytime, anywhere, Genius Brands International, Inc. (“Genius Brands” or the “Company”) (Nasdaq: GNUS), a global brand management company that creates and licenses multimedia entertainment content for children, today announced the further expansion of distribution for its Kartoon Channel! platform with the launch of a linear streaming channel, also known as Free Ad-Supported Streaming TV (FAST).

The new FAST channel provides scheduled programs 24 hours per day, seven days a week, in addition to the current on-demand animated content available for free through *Kartoon Channel!* The scheduled linear programming is featured prominently on the *Kartoon Channel!* home page, as well as the Apple and Android mobile and connected TV apps, and on Amazon Fire, Samsung Connected TVs, LG Connected TVs, and Roku.

“Since we launched Kartoon Channel! less than a year ago, we have consistently expanded distribution, now available in over 100M U.S. television households, and we are continuing to build the channel offering with this latest FAST channel launch to both increase consumer and shareholder value,” commented **Jon Ollwerther**, General Manager of Kartoon Channel! & EVP of Global Business Development at Genius Brands. “It might sound counterintuitive in an on-demand world, but FAST channels, are one of the fastest growing technologies in the streaming world because they help kids discover new content and remove the sometimes overwhelming number content choices. As soon as kids and families open the Kartoon Channel! App, they will be viewing a carefully curated TV schedule, but this will not interrupt the existing Kartoon Channel! on-demand experience. Additionally, with the FAST channel, we also have the ability to embed advertising as a new revenue stream and, like everything on Kartoon Channel!, it will be safe for kids.”
